OBJECTIVE

I am a passionate web developer who is always willing to learn more. My main aim is to contribute in making your websites or apps UI look good. I pay attention to detail and I'm a team player.

EDUCATION

FRONT-END DEV | Freecodecamp.org

FEB 2020 – MAY 2020

Learned front-end basics like CSS3, HTML5 and JavaScript

BACK-END DEV | YouTube Tutorials

APRIL 2020 – NOW

Learned Node.js and express.js for back-end services and build an application using the two Frameworks. Also Learned Python.

EXPERIENCE

<https://limitless-brushlands-40459.herokuapp.com/>

Chat application build using HTML5, CSS3, Vanilla JavaScript, Node.js, Express.js and Socket.io

<https://katwave.github.io/katbot/>

Basic Chat-Bot application using JavaScript, HTML5 and CSS3

<https://katwave.github.io/maskit/>

Basic Website for selling Masks for protection against Corona-Virus
